Entry-level IT support candidate with a strong customer service background, hands-on Microsoft 365 / Entra ID lab experience, and GitHub-documented help desk projects. Skilled at troubleshooting user issues, following support workflows, documenting resolutions, and communicating clearly across phone, chat, and customer-facing environments. Uses AI tools responsibly to draft support responses and organize technical documentation.

CORE SKILLS

Support & Troubleshooting	Troubleshooting & root-cause thinking · Help desk workflows · Ticket triage · Escalation awareness · Windows support fundamentals
Tools & Systems	Microsoft 365 basics · Entra ID (user/account) basics · CRM & POS systems · AI-assisted support drafting
Documentation & Communication	Technical & resolution documentation · Process documentation · Customer & phone/chat support · GitHub portfolio documentation

SUPPORT PROJECTS

Atlas AI Help Desk Copilot	github.com/RyanRFrechette/Atlas-AI-Help-Desk-Copilot
<i>Help desk portfolio project demonstrating support workflow thinking</i>	
– Built a ticket-triage assistant that classifies issues, suggests troubleshooting steps, and flags when to escalate. – Documented troubleshooting checklists, technician notes, customer response drafts, and resolution notes for repeatable support handling. – Added phishing and security-awareness prompts to model safe, responsible user communication. – Published screenshot-backed README with case studies, use cases, limitations, and local setup docs.	
Microsoft 365 / Entra ID Admin Lab	github.com/RyanRFrechette/Microsoft-365-Entra-ID-Admin-Lab
<i>Hands-on lab practicing core admin and account-support tasks</i>	
– Practiced Microsoft 365 administration and Entra ID fundamentals in a hands-on lab environment. – Worked through user and account support, access management concepts, and admin navigation. – Documented lab steps and findings for clear, repeatable reference.	

CERTIFICATIONS & TRAINING

- Google IT Support Professional Certificate
- CourseCareers — IT Course (Completed)

WORK EXPERIENCE

Stocking Team Associate — Walmart	Derry, NH · Jan 2026 – Present
– Follow structured inventory workflows with accuracy under time-sensitive deadlines. – Coordinate with team members and communicate clearly to keep tasks on track.	
Freelance Delivery Representative — DoorDash	Nashua, NH · Jul 2021 – Dec 2025
– Completed 15,000+ on-time deliveries, managing routes and tasks independently. – Troubleshot app, GPS, payment, and order issues — resolving them via in-app chat and phone support or escalating when needed. – Kept calm, professional customer communication and reported delivery issues for follow-up resolution.	
Manager in Training / Delivery Expert — Domino's	Nashua, NH · May 2018 – Jul 2021
– Operated and troubleshot POS systems while handling phone, chat, and front-counter customer support. – Resolved and escalated customer issues following clear communication standards. – Trained 15+ employees and documented repeatable workflows and safety procedures.	
Customer Service Specialist — Tripjoy Advantage	Merrimack, NH · Jan 2016 – Apr 2018
– Managed customer records and follow-ups in CRM software with strong data accuracy. – Handled phone support, contracts, scheduling, payments, and issue resolution.	
Professional Furniture Mover — Easy Days Moving	Nashua, NH · Aug 2013 – Jan 2016

- Communicated with customers, handled contracts and payments, and worked reliably in a team while protecting customer property.
